1. The Central Union of Czechoslovak Industry (Ustredni svaz Cz. prumyslu) with offices in Prague II, Na Prikope 10, is directed by Dr. Ing. Karel Fulesko and is subordinate to the Ministry of Planning. Until 1945 it was known as the Central Union of Czechoslovak Manufacturers and was subordinate to the Ministry of Industry. The Union is composed of three departments: Organization Department, Planning Department, Statistics Department.

2. The task of the Organization Department, directed by Dr. Schrogel,* is to supervise the organization, increase and improvement of production and the improvement of the administration of all industrial enterprises in Czechoslovakia. It does this through three "working groups" headed by Ing. Brandejs, an active Communist. Each "working group" consists of about 25 employees who are equipped with special identity cards containing the name and photograph of the employee and a certification from the Ministry of Interior, the Ministry of National Defense, the Ministry of Industry and the Central Union of Czechoslovak Industry. These cards entitle their bearer to enter any industrial plant. The Organization Department has files listing the type and quantity of production of every industry in the country.
